Relevant

Madrid
Date of birth: 03/05/04

Professional Profile

Skilled in Java and Python development, I specialize in creating impactful applications with Kotlin, Jetpack Compose, and crafting web pages using HTML, CSS, JavaScript, Spring Boot, and Django. Proficient in various tools and frameworks, I consistently deliver high-quality, user-friendly products. Continuously learning and enhancing my skills, I effectively communicate and thrive in collaborative team environments.

Academic Background
